

Welcome to the First Cross4Health Ideas Contest Event!

15- 16 February 2018 – TOULOUSE, FRANCE

[Cross4Health project](#) in collaboration with EDIT* organize the European Idea Contest called “EDIT4Health”. (*EDIT: Toulouse based Healthcare professionals’ Innovation Platform for promoting the collaboration among health and innovative technologies sectors)

This will be the first public Cross4Health work session for leveraging cross sectorial capacity between the Aerospace, ICT, Energy and Medicine sectors, to enable the creative project ideas emerging and encourage the development of innovative solutions targeting any application within Health areas.

If you are an SME, Entrepreneur, Start-up or Health Care professional with an idea to provide new solutions for patient-centered health care or seeking for a new challenges and partnerships, the 1st Ideas Contest is the right scene to engage with your future potential partners and start planning your projects for 2018!

The 3 best innovative ideas selected at the end of the event by a Jury composed of healthcare professionals and experts in technologies will receive the Prizes and experts advices

(To receive one of the prizes it will be required to be a legal SME or Start-up.)

The EDIT4Health event will also allow to:

- ▶ Get first-hand knowledge regarding the relevant area
- ▶ Expand your network on an international level, thus creating opportunities for potential future collaborations
- ▶ Engage stakeholders and key actors (SMEs, entrepreneurs, and start uppers)
- ▶ Help SMEs to position themselves as favourable as possible for the upcoming Cross4Health Open Calls launched during the event

Registrations will be open the 15th of January 2018.
